

## Countertop Ingenico Desk3500

# On the counter, on the spot

### Fulfilling daily needs for years to come

Our Desk3500 terminal fits every counter for easy and effortless payment execution. With fast printing, clearly marked NFC area and well backlit display and keys, there will simply be less fuss and faster throughput at the point of sale.

It is ready for tourists with support for popular tourist cards such as Discover, Diners Club, JCB and UnionPay. You can also earn additional income by offering tourists the option of currency conversion on the terminal.

### Stationary terminal, mobile convenience

Unique to Nets, you can also control the terminal wirelessly over our mobile app in case you want to place it permanently facing the consumer.
